

Breathless

In the tradition of Bram Stoker's 'Dracula' and 'What Dreams May Come'

Rusty Blackwood

*has produced a love story that spans across lifetimes
and leaves readers breathless*

"Eternal love, finding your true soul mate, and how echoes from past lives can influence the present, this story has it all. If you're looking for a love story that is more than kinky sex, I highly recommend "Passions in Paris: Revelations of a Lost Diary."
